Must Have Constitutional Treatment—Ohio Woman Tells How She Was Relieved by Vinol.

This is one more proof that our delicious cod liver and iron remedy, Vinol, which is free from oil or grease, is a remarkably strengthening and vitalizing medicine.

Men and women who are weak and in poor health, unable to sleep or eat well, and who have given up hope of ever being strong again, should certainly take Vinol without waiting another day, for it is exactly what they need.

We are having such wonderful results from Vinol that we offer to return the purchaser's money when not satisfied.

Why the modern woman insists on Cottolene

Because Cottolene was in the van of the great movement for the improvement of food products and the bettering of household service—that is part of the reason.

Because Cottolene established its leadership as a cooking fat over a quarter of a century ago—that is part of the reason.

But, three times a day there appears on the table the best reason why the modern woman insists on

Cottolene

Cottolene cannot be excelled and never has been equaled for quality, purity, and for producing foods that are more wholesome, more digestible and more delicious.

There is an appetizing appeal in the knowledge that Cottolene is made of the highest grade of pure, fresh, ultra-refined cottonseed oil—so high a grade it is not listed on the market—combined with beef-stearine from clean, fresh, leaf beef suet.

Use Cottolene—one-third less than you would of any ordinary cooking fat—for all your shortening, frying and cake making. Your grocer will deliver a pail of Cottolene at once. Arrange for him to deliver a regular supply.
